

RHIANNA BARTON

EXERCISE PHYSIOLOGIST

Specialises in

- Working with older age adults
- Rehabilitation of musculoskeletal conditions
- Return to work/sport

Qualifications and Experience

- Bachelor of Exercise Sport Science
- Master of Clinical Exercise Physiology

Bio

I moved to Melbourne 5 years ago to pursue my studies in Exercise Physiology, to keep fit I enjoy playing basketball. When I have the time I also enjoy cooking. I love being an Exercise Physiologist because I get to enhance the lives of those who are sick and injured and can help make their quality of living the best it can be.
